

4th Specialized International Exhibition **RENEWABLE ENERGY TECHNOLOGIES**

GETCA

Green Energy Technologies Central Asia

MAY 17 · 18 · 19, 2023

TASHKENT · UZBEKISTAN

GETCA EXHIBITION IS AN IMPORTANT EVENT FOR THE CENTRAL ASIA REGION

Takes place within the framework of series of the Energy Events, is designed to attract new innovative and energy-saving technologies and equipment to address issues of preserving the eco- and biosystem, is designed to stimulate the development of environmental responsibility of business in Uzbekistan, support the introduction and development of environmental technologies in Uzbekistan.

Participation in the exhibition will provide a unique opportunity to establish partnership with local companies and government agencies in the promising fast-growing market of Central Asia with a population of over 74 million people.

MAIN SECTIONS OF THE EXHIBITION

- ☞ SOLAR ENERGY
- ☞ WIND POWER
- ☞ HYDROPOWER
- ☞ BIOFUELS
- ☞ BIOGAS
- ☞ HYDROGEN ENERGY
- ☞ GEOTHERMAL ENERGY
- ☞ ENERGY STORAGE
- ☞ ACCESSORIES AND ADDITIONAL EQUIPMENT FOR ALTERNATIVE POWER PLANTS
- ☞ ENVIRONMENTALLY FRIENDLY TECHNOLOGIES, MATERIALS AND SERVICES
- ☞ ENERGY AND RESOURCE SAVING
- ☞ SMART HOUSE
- ☞ INDUSTRIAL WASTE (EQUIPMENT AND TECHNOLOGIES FOR THE COLLECTION, PROCESSING, RECYCLING, DISPOSAL, NEUTRALIZATION AND DISPOSAL OF INDUSTRIAL WASTE)
- ☞ CONTROL AND MEASURING EQUIPMENT AND TECHNICAL MEANS FOR MONITORING
- ☞ ANALYTICAL, LABORATORY AND MEASURING EQUIPMENT, DEVICES, MATERIALS

GETCA
Green Energy Technologies Central Asia

Within the framework of the exhibition, an international conference is held on the following topic:
“GREEN ENERGY TECHNOLOGIES”

For additional information on participation in the exhibition and conference, please contact:

Industrial goals and objectives:

- increase by 2030 up to 25% the share of renewable energy sources (RES) in the total volume of electricity production in Uzbekistan;
- obligatory introduction of alternative energy sources and energy-saving technologies in the construction of social, infrastructure and housing facilities within the framework of ongoing state programs;
- design of construction of 3 solar photovoltaic stations in Bukhara, Namangan and Khorezm regions;
- Improving the regulatory framework governing the procedures for attracting investments in projects that stimulate energy saving and clean energy production.

THE ORGANISER DOES MATTER!

Iteca
EXHIBITIONS

CCA
Congresses of Central Asia

The leader of the expo industry in Uzbekistan, the International Company Iteca Exhibitions and its partner CCA.
